Regarding the Heckler & Koch recall notice

Dear madam or sir,

yesterday you received a letter regarding a nation wide recall of Heckler & Koch firearms. This letter was not actually sent by Heckler & Koch Germany, but by us, the Berlin based Peng! collective. The hoax is part of a campaign targeting weapons export laws in Germany. Our goal was to raise awareness about Germany's role in world wide arms trade as well as Heckler & Koch's position in the market.

We did not intend to disrupt your business and we apologize for the confusion. We are happy to answer your questions via email at recall@pen.gg or via phone at +49 160 913 115 95

Please consider supporting the good cause by donating to our collective at pen.gg/support

Sincerely
Jessica Gräber
